

6.3 [PLOT CONTROLS](#)

Clicking on the PLOT CONTROLS button presents the following screen (notice that the Netscape location bar and directory buttons have been hidden to increase the displayable area):

The four “bullet” options above are linked to specific plot control options, as described below. The “Save As” option allows the user to enter a map name for the current tactical display, which may be recalled later by clicking on the CUSTOM MAPS button (or by clicking on the globe in the virtual command center). The “Save As” option retains the current map product, active overlays, intensity setting, and plot filters.

Once the plot control settings have been specified, the APPLY button redraws the map with the new settings and stores them with the custom map (if a map name was entered); it is not necessary to enter a map name.

Category/Threat - The following matrix of checkboxes is provided to control the plotting of tracks:

The screenshot shows a Netscape browser window titled "Netscape - [Plot Controls]". The menu bar includes File, Edit, View, Go, Bookmarks, Options, and Help. Below the menu bar are buttons for Back, Forward, Home, Reload, Images, and Open. The main content area is titled "Category / Threat" and contains a checkbox labeled "All Cat / Threat" which is checked. Below this is a table with columns for threat types and rows for categories.

Echelon/Threat - The following matrix of checkboxes is provided to control the plotting of units.

The screenshot shows a Netscape browser window titled "Netscape - [Plot Controls]". The menu bar includes File, Edit, View, Go, Bookmarks, Options, and Help. Below the menu bar are buttons for Back, Forward, Home, Reload, Images, Open, and Print. The main content area is titled "Echelon / Threat" and contains a checkbox labeled "All Echelon / Threat" which is checked. Below this is a table with columns for unit types and rows for categories.

Track Labels - The following matrix of checkboxes is provided to control the plotting of labels.

The screenshot shows the Netscape browser window with the 'Track Labels' dialog box open. The dialog box has two main sections: 'Label Size' and 'Symbol Size'. In the 'Label Size' section, the 'Label Text Length' is set to 15. In the 'Symbol Size' section, 'Small' is selected. The background shows the Netscape menu bar with 'File', 'Edit', 'View', 'Go', 'Bookmarks', 'Options', and 'Directory' highlighted. The status bar at the bottom shows the address bar and navigation buttons.

Miscellaneous - The screen below includes miscellaneous settings for the display. The parameters for the Moboard are the number of range circles and the distance between rings. Pan Percentage applies to map changes when the user clicks on the arrows in the main tool bar (the percentage is a percentage of the map radius).
